

7TH ANNUAL CONFERENCE

# MATHEMATICS: REACHING ALL LEARNERS TOGETHER

The Michigan Council for Exceptional Children (MCEC), the Michigan Council of Teachers of Mathematics (MCTM), and Alt+Shift are pleased to announce that our 7th Annual Conference will be structured as a hybrid/virtual conference this year. This conference is designed to increase collaboration and shared learning between general and special education math teachers. Participants learn about strategies, tools, and techniques that aid teaching and learning of math for students with IEPs.
